PRESS COMMUNIQUÉ.

Fort St. George, October 29, 1935.

No. 14 —

His Majesty the King-Emperor has expressed the wish that remembrance of the glorious dead should once again be commemorated on the anniversary of the Armistice by a complete cessation of all normal business throughout the British Empire during a two minutes' silence commencing at 11 a.m. on Monday, the 11th November 1935. Rail and water transport will not be suspended. In order that the ceremony may synchronize throughout British India, the Government of India have suggested that 11 a.m. railway time should be adopted everywhere for the commencement of the silence. There will be a complete suspension of work in all public offices in the Presidency during the two minutes and the Government hope that all local authorities and heads of firms and businesses will so far as possible make similar arrangements.

2. A Voluntary service will be held in St. Mary's Church, Fort St. George, at 10-30 a.m. during which the two minutes' silence will be observed.

3. A signal will be given by a gun from Fort St. George, Madras, at 11 a.m. on the 11th November 1935. This gun will take the place of the four o'clock gun for that day. Guns will also be fired at the same time from the Marina in front of the Weatherproof Police Lines, in Vepery and Nungambakkam. To enable the public to synchronize their time a gun will be fired in the morning at 8 o'clock. Ecclesiastical authorities will be asked to arrange that Church bells should be rung for five minutes ceasing exactly at 11 a.m. unless the ringing of the bells will disturb a service. The Manager of the Madras Electric Tramways will be asked to arrange for

the stopping of trams and the police will stop other traffic in the streets. It is hoped that in all offices, shops and other places of business a complete suspension of work will be observed.

The Government hope that for any ceremony in connexion with the Armistice Day all ex-service officers and men and members of the Nursing Service and other women will mark the occasion by wearing with Civilian dress, medals and decorations which have been awarded to them. Holders of War medals and decorations awarded to relatives of deceased soldiers, etc., have full permission to wear them on the right breast.

C. F. BRACKENBURY,
Chief Secretary.

STATISTICS—1935-36—COTTON—SECOND REPORT.

The average of the areas under cotton in the Madras Presidency during the five years ending 1933-34, has represented 9 per cent of the total area under cotton in India.

2. The area under cotton up to the 25th September 1935 is estimated at 1,150,000 acres. When compared with the area of 733,900 acres estimated for the corresponding period of last year, it reveals an increase of about 57 per cent. The increase in area occurs in most districts and is marked in the Deccan where the area rose from 476,000 acres to 811,300 acres owing to the favourable season.

4. The condition of the standing crop is satisfactory.

5. The wholesale price of cotton lint per imperial maund of 82 and 2/7 lb. as reported from important markets towards the close of September 1935 was about Rs. 17-10-0 for Cocanadas, Rs. 22-10-0 for red northerns, Rs. 24-11-0 for white northerns, Rs. 18-9-0 for (early crop) westerns, Rs. 28-2-0 for cambodia, Rs. 28-11-0 for Coimbatore Karunganni, Rs. 24-12-0 for Tinnevelly Karunganni, Rs. 23-7-0 for Tinnevelluas and Rs. 24-8-0 for Nadam. This earnest money will be refunded to the unsuccessful tenderer on application, after intimation is sent of rejection of the tender or at the expiration of two months from date of tender, whichever is earlier. This refund will be authorized by the Executive Engineer by suitable endorsement on the chalan. The earnest money will not be received in cash or currency notes by the Public Works Department Officers.

The earnest money will be retained in the case of the successful tenderer and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Divisional office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a security deposit of rupees fifty in one of the forms prescribed in the Public Works Department Account Code and sign an agreement in the proper departmental form for the due fulfilment of the contract. This security deposit together with the earnest money and the amount withheld according to clause 68 of the standard preliminary specification of the Madras Detailed Standard Specification will be retained as security for the due fulfilment of the contract. If a cash security deposit is made by the contractor he shall follow the procedure laid down in the preceding paragraph for payment of earnest money and such deposit will not bear interest. 5. The tenderer shall examine closely the Madras Detailed Standard Specifications, and also the Standard Preliminary Specification contained therein and sign the Divisional office copy of the Madras Detailed Standard Specifications and its addenda volume as token of such study before submitting his tender unit rates which shall be for finished work in situ. He shall also carefully study the drawings and additional specifications and all the documents which form part of the agreement to be entered into by the accepted tenderer. liable to alterations by omissions, deductions, or additions at the discretion of the Executive Engineer, Kistna Central Division, or as set forth in the conditions of contract. The tenderer will, however, base his lump-sum tender on the schedule of quantities. He should quote specific rates for each item in the schedule, and the rates should be in rupees, annas, and in sums of three pies. The rates should be written both in words and figures and the units in words. The tenderer should also show the totals of each item and the grand total of the whole contract, and quote in the tender a lump sum for which he will undertake to do the whole work subject to the conditions of contract. This schedule accompanying the lump-sum tender shall be written legibly and free from erasures, overwritings or conversions of figures. Corrections, where unavoidable, should be made by crossing out, initialing, dating and rewriting.

9. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. No alteration which is made by the tenderer in the contract form, the conditions of contract, the drawings, specifications, or quantities accompanying same will be recognized; and, if any such alterations are made, the tender will be void.

TENDER FOR WORKS IN KISTNA EASTERN DIVISION.

TENDERS will be received by the Executive Engineer, Kistna Eastern Division, at his office at Bezwada, up to 3 p.m. on Friday, the 15th November 1935, for the works noted in the list below.

2. Tenders must be submitted in sealed covers for each work separately and should be addressed to the Executive Engineer, Kistna Eastern Division, the name of the tenderer and the name of the work being noted on the cover.

If the tender is made by an individual, it shall be signed with his full name and his address shall be given. If it is made by a firm, it shall be signed with the co-partnership name by a member of the firm, who shall also sign his own name, and the name and address of each member of the firm shall be given. If the tender is made by a corporation, it shall be signed by a duly authorized officer who shall produce with his tender, satisfactory evidence of his authorization. Such tendering corporation may be required, before the contract is executed, to furnish evidence of its corporate existence.

3. Each tenderer must pay as earnest money for each work the sum noted against work concerned in the list into the branch of the Imperial Bank of India or into the Government treasury or sub-treasury within the jurisdiction of the Executive Engineer, Kistna Eastern Division, to the credit of Revenue deposits on behalf of the Executive Engineer of the Kistna Eastern Division, and enclose with his tender the chalan endorsed accordingly. This earnest money will be refunded to the unsuccessful tenderers on application, after intimation is

sent of rejection of the tender or at the expiration of two months from the date of tender, whichever is earlier. This refund will be authorised by the Executive Engineer by suitable endorsement on the challan. The earnest money will not be received in cash or currency notes by the Public Works Department officers, save in exceptional cases, where there are no treasuries or banks within the jurisdiction of the officer calling for tenders. When currency notes are given, the tenderer should sign his name in full with date, on the back of all the currency notes given by him whatever their denominations may be.

The earnest money will be retained in the case of the successful tenderer, and will not carry any interest. It will be dealt with as provided in the tender.

4. When a tender is to be accepted, the tenderer whose tender is under consideration shall attend the Division office on the date fixed by written intimation to him. He shall forthwith upon intimation being given to him by the Executive Engineer of acceptance of his tender make a further security deposit noted against the work concerned in the list and sign an agreement in the departmental K-2 form for the due fulfilment of contract. Failure to enter into the required agreement shall entail forfeiture of the earnest money.

5. To give to prospective tenderers an idea about the nature and volume of work to be done and to enable them to quote suitable rates a schedule of approximate quantities is furnished. It shall however be definitely understood that the Government does not accept any responsibility for the correctness of the schedule and that it is liable to alterations by omissions, deductions or additions. The several items of work noted in the schedule are to be executed as per the Madras Detailed Standard Specifications or supplemental specifications for which reference is given against each. The tenderer should carefully study the drawings, specifications and all the documents relating to the work to execute which this tender is called for. These can be seen at any time between 11 a.m. and 5 p.m. on office days in the office of the Executive Engineer, Kistna Eastern Division, Bezwada.

6. The tenderer's particular attention is drawn to the conditions and to the directions to parties tendering, detailed on the K-2 agreement form and also to the sections and clauses in the standard preliminary specification of the Madras Detailed Standard Specifications dealing with (a) materials and workmanship—section D, clauses 20 to 27—and (b) included in the contract rates—sections E and clauses 33 to 41 and 43.

7. Every tenderer is expected, before quoting his rates, to inspect the site of the proposed work. He should also inspect the quarries, and satisfy himself about the quality and availability of materials. The names of quarries, kilns, etc., wherefrom certain materials are to be obtained will be given in the description specification sheet. The best class of materials to be obtained from the quarries or other sources defined shall be used on the work. In every case the materials must comply with the relevant standard specification. Samples of materials as called for in the standard specifications, or in this tender notice, or as required by the Executive Engineer, Kistna Eastern Division, in any case, shall be submitted for the Executive Engineer's approval before the supply to site of work is begun. If the contractor, after examination of the source of materials defined in the Descriptive Specification Sheet, is of opinion that materials complying with the standard or other specifications of the contract cannot be obtained in quality or sufficient quantity from the source defined in the Description Specification Sheet, he shall so state clearly in his tender and state wherefrom he intends to obtain materials, subject to the approval of the Executive Engineer, Kistna Eastern Division.

The Government will not, however, alter acceptance of a contract rate, pay any extra charges for land or for any other reason, in case the contractor is found later on to have misjudged the materials available. Attention of the contractor is directed to the standard "Preliminary Specification" regarding payment of seigniorage, tolls, etc.

8. The rate tendered should be for finished work in situ inclusive of all incidental charges connected with its execution and should be quoted in rupees, annas and pie even of three pies. The rates should be written in words and figures and the units in words. The tender should be written legibly and free from erasures, overwritings or conversions of figures. Corrections where unavoidable should be made by crossing out, initialing, dating and re-writing.

9. Tenders offering a percentage deduction from or increase on the estimate amount, and those not submitted in proper form or in due time will be rejected. Rates or lump sum amounts for items not called for shall not be included in the tender. The tenderer should work out his own rates, without reference being made to the Public Works Department current schedule of rates or to the Public Works Department estimate rates which are not open for inspection by tenderers.

10. The materials that will be supplied by Government and the places and rates at which they will be supplied, are noted at the end of the schedule accompanying the tender form. Tenderers must accept the materials at these rates and places specified, and shall quote their price for finished work accordingly. Notwithstanding any subsequent change in the market value for these materials, the charge to the contractor will remain as originally entered in the written contract. No cartage or incidental charges will be borne by Government in connexion with this supply.

11. No part of the contract shall be sublet without written permission of the Executive Engineer nor shall transfer be made by power-of-attorney authorizing others to receive payment on contractor's behalf.

12. If further necessary information is required, the tenderer will furnish such, but it must be clearly understood that tenders must be received in order, and according to instructions.

13. The Executive Engineer or other sanctioning authority reserves the right to reject any tender or all the tenders without assigning any reason therefor.

14. No extra payment will be made for any baling of water that may be required during the execution of the work. The same shall be included in the rates for the respective items.

15. Materials for the works should be collected before end of February 1936 and works completed in all respects before 15th May 1936.

Bills to be introduced in the Council of the Governor of Fort St. George assembled for the purpose of making Laws and Regulations.

Under rule 18 of the Madras Legislative Council Rules, the following Bills, together with the Statements of Objects and Reasons, are published for general information :—

BILL No 21 OF 1935

A Bill further to amend the Madras Co-operative Societies Act, 1932, for a certain purpose.

Madras Act VI of 1932.

WHEREAS it is expedient further to amend the Madras Co-operative Societies Act, 1932, for the purpose hereinafter appearing; It is hereby enacted as follows :—

Short title.

1. This Act may be called the Madras Co-operative Societies (Amendment) Act, 1935.

Amendment of section 43, Madras Act VI of 1932.

2. For sub-section (5) of section 43 of the Madras Co-operative Societies Act, 1932, the following sub-section shall be substituted, namely :— Madras Act VI of 1932.

"(5) Before taking any action under sub-section (1) in respect of a financing bank or in respect of a society indebted to a financing bank, the Registrar shall consult in the former case the Madras Provincial Co-operative Bank, and in the latter case the financing bank concerned, regarding such action."

STATEMENT OF OBJECTS AND REASONS.

Under clause (ii) of sub-section (5) of section 43 of the Madras Co-operative Societies Act, 1932 (Madras Act VI of 1932), the Registrar has to obtain the previous concurrence of the Madras Provincial Co-operative Bank before superseding the Committee of a financing bank. As the executive committee of the Provincial Bank is largely composed of the representatives of the financing banks, there is considerable delay in getting such concurrence. Further, a financing bank need not necessarily be affiliated to the Provincial Bank. In such cases, there is obviously no need to obtain the concurrence of the Provincial Bank. The object of this Bill is to substitute the requirement of consultation with the Provincial Bank for its previous concurrence, in all cases.

17*th October* 1935. P. T. RAJAN.

BILL No. 22 OF 1935.

A Bill further to amend the Madras Forest Act, 1882, for certain purposes.

WHEREAS it is expedient further to amend the Madras Forest Act, 1882, for the purposes hereinafter appearing; Madras Act V of 1882.
AND WHEREAS the previous sanction of the Governor-General has been obtained to the passing of this Act;

It is hereby enacted as follows :—

Short title.

1. This Act may be called the Madras Forest (Amendment) Act, 1936.

2. In section 2 of the Madras Forest Act, 1882 (hereinafter referred to as the said Act), for the words "Sub-Assistant Conservator" occurring in the definition of "Forest-officer" the words "Extra Assistant Conservator" shall be substituted.

Madras Act 7 of 1882.

3. After section 17 of the said Act, the following section shall be inserted, namely :— Insertion of new section 17-A in Madras Act V of 1882.

"17-A. Where the description of the limits of any reserved forest notified under section 16 is defective or is not clear in reference to existing facts, the Local Government may, by notification in the *Fort St. George Gazette*, redefine the limits of such reserved forest so as to remove the defect or make the description clear in reference to existing facts. Power of the Local Government to redefine the limits of reserved forests in certain cases.

It shall not be necessary to follow the procedure laid down in sections 4 to 16 before issuing a notification under this section."

4. To section 34 of the said Act, the following paragraph shall be added at the end, namely :— Amendment of section 34, Madras Act V of 1882.

"The Local Government shall also have power to appoint any person to discharge any function of a Forest Officer under any of the provisions of this Act which have been extended to any land or to any forest or waste land or produce thereof by a notification under section 32 or section 33 or under any rule made in pursuance of any provision so extended."

5. In sections 41 and 43 of the said Act, for the word 'carts', the word 'vehicles' shall be substituted. Amendment of sections 41 and 43, Madras Act V of 1882.

6. For section 46 of the said Act, the following section shall be substituted, namely :— Substitution of new section for section 46, Madras Act V of 1882

"46. (1) Notwithstanding anything hereinbefore contained— Procedure in regard to perishable property seized under section 41.

(*a*) the Magistrate may direct the sale of any property seized under section 41 which is subject to speedy and natural decay; and

(*b*) if, in the opinion of the officer seizing such property, it is not possible to obtain

the orders of the Magistrate under clause (*c*) in time, such officer may sell the property himself, remit the sale-proceeds into the nearest Government treasury, and make a report of such seizure, sale and remittance to the Magistrate and thereupon the Magistrate shall take such measures as may be necessary for the trial of the accused.

(2) The Magistrate may deal with the proceeds of the sale of any property held under clause (*a*) or clause (*b*) of sub-section (1) in the same manner as he might have dealt with the property if it had not been sold."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to make certain minor amendments in the Madras Forest Act, 1882, the necessity for which has been revealed by experience. The need for each of the proposed amendments is explained below :—

Clause 2.—The post of Extra Assistant Conservator has taken the place of the old Sub-Assistant Conservator; hence the amendment.

Clause 3.—It has been found necessary to redefine the boundaries of certain reserved forests from time to time. It is clearly unnecessary to follow the elaborate procedure laid down in sections 4 to 16 of the Act where it is not proposed to extend or alter in any way the boundaries of the forest. The authority of the Government to issue such notifications under the Act as it now stands is open to some doubt. This clause removes the doubt.

Clause 4.—It is doubtful whether the Act would permit of any person other than the person appointed to manage the forest under clause (*b*) of section 32 being invested, with the powers of a Forest officer. The addition made to section 34 makes it clear that the Local Government have power to appoint any person to exercise the powers of a Forest Officer under any of the provisions of the Act which have been extended under sections 32 and 33.

Clause 5.—The word 'carts' used in sections 42 and 43 may be interpreted as covering only country carts, that is, vehicles without springs—compare section 3 (*b*)

of the Madras District Municipalities Act, 1920 (V of 1920). It is necessary to prevent that interpretation by using the general expression 'vehicles.'

Clause 6.—At present, property seized under section 41 which is liable to speedy and natural decay can be sold only on a direction from the Magistrate under section 46. But it may not be possible to obtain in all cases the orders of the Magistrate in time. Section 46 has therefore been amended so as to confer power on the officer seizing the property to sell the same if the orders of the Magistrate cannot be obtained in time. The proceeds of such sales are to be dealt with in the same manner as the property seized would itself have been dealt with if it had not been sold.
